

Let's Plant Seeds of Faith!

Let's grow seeds of faith in our hearts! Take a moment to think about these questions:

1. What is something you are waiting for?
2. How can you show faith and patience while you wait?
3. How can you help others grow in their faith?

Activity: Think of something you are praying for. Draw a small seed next to it and imagine how it will grow as you trust God! Remember, just like seeds grow with care and time, our faith grows as we trust in God.
